ABOUT US

At Ecoplates, we believe small choices create big changes. As a brand by Crystal Packaging, Ecoplates offers a range of eco-friendly plates, bowls, and packaging materials made from natural sugarcane bagasse, providing a sustainable alternative to traditional plastics and harmful disposables.

Our products are sturdy, compostable, and designed to protect the planet while delivering convenience and style. Whether for homes, cafes, restaurants, catering, or events, Ecoplates provides practical solutions that care for the earth without compromise.

We are committed to helping New Zealand move towards a greener future, one plate at a time. Choose Ecoplates – because sustainability matters.
